VISITS LITTLE ROCK.

Capital City of Arkansas Has Mr. Roosevelt as Guest.

STREETS THROGGED

Chief Executive Has as Escort Men Wearing the Gray and Those Arrayed in Blue During the Days of Sixties.

Little Rock, Oct. 25.—President Roosevelt and party arrived at Argenta, a northern suburb, promptly on schedule time this morning.

Despite the threatening attitude of the elements a large crowd was present to welcome the president, the only untoward feature of the day's exercises was fear that a downpour of rain would occur at any moment. Rain had fallen continuously all Tuesday and Tuesday night. At 8 o'clock, however, the precipitation ceased and the streets immediately took on a lively appearance. The city was filled with visitors from all parts of the state. Excursion train had been run on all lines and it was early apparent the president's welcome would be lively during his stay here.

When the president's train arrived at Argenta over the Rock Island line a reception committee, headed by United States Senators Berry and Clarke, Governor Davis and Federal Judge Treiber, entered the chief magistrate's car and warmly welcomed him to Arkansas. The president did not alight from his car at Argenta, but the train proceeded to Big Rock, the nearest point to Fort Logan H. Roots. Here the president and party alighted and a visit was made to the fort, the party arriving there at 9:30 o'clock. After a brief reception the president inspected the barracks and grounds and expressed satisfaction at the excellent arrangement for the comfort of the troops. Nearly the entire early morning was taken up at Fort Roots and the start for the city was not made until 11 o'clock. When the carriages were drawn up a mounted escort took places beside the president. This escort, which was known as the "Blue and the Gray," consisted of twenty-four civil war veterans, twelve Union soldiers and twelve former Confederates and particularly pleased the president. It was announced this escort would precede the president's carriage throughout the entire day and act as his body guard.

The president, headed by the escort of honor and accompanied by the reception committee, reached the city shortly before noon. The streets were jammed with people. The president was loudly cheered as he passed along toward the City park. He seemed pleased with the cordiality of his reception. The party traversed Tenth street to the City park, which was reached at noon. The meeting was presided over by George W. Rogers, president of the Little Rock Board of Trade. When the president stepped forward to speak he was again greeted warmly. President's speech was loudly applauded.

STRIKE SPREADS.

St. Petersburg Is Likely to Be Cut Off From Outside World.

St. Petersburg, Oct. 25.—Over half of European Russia is in the grip of striking railroad men and the strike continues to spread rapidly in all directions. The roads in the Volga region are at a standstill and a general strike has been proclaimed on the two remaining lines running out of St. Petersburg. It was thought Wednesday the capital would be cut off from the outside world by way of the continent. This, it was said, would also involve suspension of postal communication. League of Leagues seized the opportunity to come to the support of railroad men and adopted a resolution in favor of a general strike of all professions. Telegraph operators are joining in the movement, and suspension of railroad traffic, it is feared, will be followed by a complete suspension of communication between interior points.

The situation is critical and pregnant with all sorts of dire possibilities. Factories in affected districts have been forced to shut down for lack of fuel, and Moscow especially faces not only a food but water famine. Fortunately St. Petersburg will have an opening through Finland.

British Ambassador Hardinge, who bade farewell to Emperor Nicholas Tuesday previous to leaving St. Petersburg on mission of connection with proposed Anglo-Russian understanding, was unable to start for England Wednesday morning because no trains were running.

Telegraphic communication between St. Petersburg and Kharkoff is broken. Workmen of Putiloff, Kolkoine, Alexandrovski and Nevesky works struck.

Social Democrats believe they have the government at their mercy since the railroads have stopped and authorities are powerless to transport troops. This is all the more serious as bloody collisions have already been reported at various places and a dangerous agrarian movement have again broken out in the government of Samaria.

HULEN HONORED.

Member of Executive Committee Interstate National Guard Association.

Austin, Oct. 25.—Adjutant General Hulen received a telegram from General Dick, United States senator from Ohio and author of the "Dick bill," advising him that he (General Hulen) was on the executive committee of the Interstate National Guard association. This is considered quite an honor.

District Attorney Moore filed suit in the Twenty-sixth district court in the name of the state against the Texas company, one of the big oil companies at Beaumont, for taxes and penalties under the Kennedy bill, aggregating \$30,000. The suit was filed without consent or authority of the attorney general.

The Southwestern Telegraph and Telephone company paid its taxes to the comptroller under the Kennedy bill. The total tax for the quarter ending Sept. 30 was \$9560, but the company only paid in money \$5881, having been allowed credit on former law. Gross receipts for the quarter were \$588,573. The company did not protest.

Chairman Storey of the railroad commission stated that the commission contemplated going after different roads in the state for failure to run passenger trains on schedule time. After the hearing is held an order will be issued the same as in the case of the International and Great Northern.

SENSATIONAL CHARGES.

Smith County Official Resigns and Makes Serious Allegations.

Tyler, Tex., Oct. 25.—County Attorney Hanson of Smith county has tendered to the county commissioners his resignation, filing a sensational document with the county clerk. He says he does not feel he can afford to run with certain officials in the enforcement of law. He charges that one certain official is "only for himself and not for the enforcement of law;" is willing to do anything for his own political interests. Alleges that the party in question disregards the rights of citizens in enforcement of law. He further alleges he cannot maintain his honor by carrying out his oath of office and enforcing the laws under said official.

MIRACULOUS ESCAPE.

Nergo Grabs Telephone Wire Higher Up and Loses Own Life.

Tyler, Tex., Oct. 25.—A white man unknown came in contact with a telephone wire that had fallen across an electric light one. The telephone wire became charged with 1050 volts of electricity. The white man's shouts brought Ed James, a negro, to him. The latter touched the wire further up and thus took the majority of the charge, releasing the white man, who ran away. Aneb Beall, another white man, grabbed James by the foot as the latter fell dead and was knocked down but not seriously hurt.

STABBED TO DEATH.

Deputy Marshal of Mount Calm Is Nearly Cut to Pieces.

Mount Calm, Tex., Oct. 25.—Deputy City Marshal Calloway was stabbed to death while trying to arrest Harmon Horne and Jake Early. Horne escaped and Early was jailed. Calloway, who was nearly cut to pieces, leaves a wife and three children.

HORRIBLE DEATH.

Boy Could Neither Eat Nor Drink and Had Terrible Convulsions.

Paris, Tex., Oct. 25.—A boy by the name of McCleskey died Wednesday morning of hydrophobia. He was bitten by a mad dog eight months ago. Just before his death he could neither eat nor drink, had terrible convulsions and one side of his body became totally numb.

BLOODY CONFLICTS.

Two of Them Take Place and Many Students Are Injured.

Ekaternoslav, Russia, Oct. 25.—Two bloody conflicts occurred here Wednesday between troops and demonstrators. The first took place opposite the municipal buildings and the second near Pushinki monument. Numbers were killed or wounded in both instances by volleys fired by soldiers. The demonstrators near the municipal buildings refused to disperse when ordered and erected barricades.

Meetings of students of schools who are on strike were dispersed by police, who made free use of their whips. Many students were injured.

TEN MILLION BALES.

National Ginners Estimate Total Cotton Output at These Figures.

Dallas, Oct. 25.—National Cotton Ginners' association states that up to Oct. 18 between 4,400,000 and 4,500,000 bales of cotton had been ginned. The total crop is estimated for the season at 10,000,000 bales.

Will Soon Run Trains.

Enid, Okla., Oct. 25.—Work is progressing rapidly on the Denver, Enid and Gulf railway and in a few days trains will be running to Cherokee, the connection with the Orient.

FENNESSY AT AUSTIN.

All Efforts Are to Be Applied to County Printing.

Austin, Oct. 25.—T. D. Fennessy of Los Angeles, national organizer of the International Typographical union, and William L. Hoefgen of the San Antonio Typographical union, were here for the purpose of looking into the awarding of a contract for county printing in Terrell county to one of the highest bidders.

There is a strong intimation that they are here for the purpose of consulting with the attorney general with a view of looking into the legal aspect of such a condition of regulating bids, and the disposal of county business to large concerns at the sacrifice of the independent plant.

Organizer Fennessy says that while the printers of Texas are anxious to organize a co-operative printing company, that they want it understood that they have no desire to enter the field of state printing, and will apply all their efforts to county printing, in the event that they finally desire to organize a plant of their own, which at present is not definitely decided upon.

TUCKER DIES.

Gilmer, Tex., Oct. 25.—Rev. L. L. Gilmer, chaplain of the lower house of the Texas legislature for the last two terms, died at his home, six miles east of Gilmer, of jaundice. He was a Baptist minister, and was generally known as Blind Tucker, having lost his eyesight several years ago. He leaves a widow and several children.

SUIT FOR TITLE.

Beaumont Man Claims He Filed Application For Patent.

Beaumont, Oct. 25.—P. H. Votaw of this city filed suit in Hardin county for title to the entire proven Dayton oil field. He also asks an injunction enjoining further operations by companies developing the field. The hearing has been set for Nov. 13. He claims the land was the property of the state, for which he has filed an application for a patent.

Anarchy Reigns.

Copenhagen, Oct. 25.—Anarchy prevails at Riga, Russia, according to a dispatch from here by the Politiken. Conflicts are frequent. Many persons have been killed or wounded and government shops have been looted and destroyed. Polytechnic schools have been closed.

Leaf Tobacco Growers.

Houston, Oct. 25.—Texas Leaf Tobacco Growers' association meets here Nov. 14.

FOUR ITALIANS INJURED.

Patrick McGrath Managed to "Live Up Things a Bit."

Chicago, Oct. 25.—The efforts of Patrick McGrath, a farmer of Chester-ton, Ind., to "live things up a bit," proved a success in that town Tuesday. He is now in jail, and four Italians, who were injured as the result of his efforts, are in the hospital. McGrath noticed an engine standing on the tracks of the Lake Shore road and announced that he would bet anybody 25 cents that he would awaken up the town inside of ten minutes. The wager was taken, and McGrath, finding that the train crew was absent, climbed aboard the engine. He investigated the machinery for a few minute and finally pulled out the throttle to the last notch. The engine darted down the track and tore into a train of freight cars in which a number of Italians were eating their dinners. Four of the cars and the engine were smashed and four of the Italians seriously, but not fatally hurt. McGrath escaped with but a few injuries.

TAKEN DOWN BARS.

About Half of the Louisiana Parishes Have Pursued This Course.

New Orleans, Oct. 25.—Fully one-half of the parishes in Louisiana have taken down the quarantine bars. There is great rejoicing along the Mississippi coast and families, the members of whom have been separated for months, are holding reunions.

Reports from country districts of Louisiana show the fever prevails now at very few points. In this city there are less than sixty cases under treatment.

Up to noon Wednesday there were two yellow fever cases and one death.

KIDNAPS HER CHILD.

Mother Outwits Little One's Grandmother and Leaves Louisiana.

Shreveport, Oct. 25.—Regardless of a legal contract making her mother-in-law the guardian of her child since infancy, Willie Wyatt drove to the home of her husband's mother and securing the child drove rapidly away with it, successfully resisting any attempts to retake the child. Mother and child boarded a train and were out of the state by the time the affair had been reported to the police.

STARVED HIMSELF.

For Three Days Before Dying Barnes Refused Food and Drink.

Butte, Mont., Oct. 25.—James F. Barnes, awaiting trial for murder of Patrick Hanley in this city Sept. 3, died in the county jail Tuesday night apparently from self-imposed starvation. Barnes for the previous three days refused to touch a morsel of food or drink, bemoaning his fate and expressing terror lest a mob should again make an attempt to lynch him.

COMMUNICATION FROM E. J. JENKINS.

Offer to Refund Money if Hyomei does Cure Catarrh.

To the Editor of the Eagle: I have been asked recently if the advertisement printed in your columns regarding Hyomei were true, where I offer to refund the money if this treatment does not cure catarrh. I wish you would please print this letter in as conspicuous a place as possible in your paper, saying that we absolutely agree to refund the money to any purchaser of a Hyomei outfit if it does not cure catarrh.

This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe Hyomei four or five times daily. With this is included a medicine dropper and a bottle of Hyomei. The outfit sells for \$1.00 and is a most economical treatment, for the inhaler lasts a lifetime and there is enough Hyomei for several weeks' use, while extra bottles can be obtained for 50 cents.

I trust this letter will settle any doubts that may have arisen as to my willingness to refund the money for a Hyomei outfit, in case the purchaser is not perfectly satisfied.

I wish to say emphatically that my guarantee on Hyomei holds good, and I will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and not been helped.

Respectfully yours,
E. J. Jenkins.

Dr. Behrens, Dear Sir: I suffered years with sore feet and corns and after the treatment I received from you while riding on the street car, I have been entirely cured. Respectfully yours.

Houston, Sept. 21, '04.

This is to certify that Dr. Behrens treated me in February, '04, for a very bad case of nervousness. Where others have failed to give me relief he cured me. I was at the time of calling on him, down and sleep was impossible. My husband had lost sleep at night for months, now all can rest in perfect ease. He also treated my mother at the same time for a severe headache and neuralgia. Dr. Behrens gave her instant relief while talking to her over the phone.

ALABAMA ADMIRATION

Trip of the President Like a Tour of Triumph.

CITIES ARE CROWDED

Montgomery Is Thronged, While at Birmingham Never Before Did That City Contain Such a Gathering.

Birmingham, Oct. 25.—President Roosevelt's trip through Alabama Tuesday was in the nature of a triumphal march. At Montgomery, Tuskegee and Birmingham the receptions have been spontaneous and genuine. At many place along the route, where the train did not even stop, great crowds had gathered at the stations, and in one or two instances military companies were drawn up in line and saluted as the train sped by.

Excursions had been run from all over north Alabama and in addition to the local military companies, which acted as an honorary escort for the distinguished visitor, numerous companies from various points in the state came to the city and participated in the welcome. It is conservatively estimated that there were at least 100,000 visitors in the city to pay their respects to the chief man of the nation.

The president's train arrived promptly at 4:45 o'clock, according to schedule. Mayor Ward, surrounded by a reception committee, consisting of the most prominent men in Birmingham, at the union station delivered the formal address of welcome to the city. Immediately afterward the party entered carriages and began the march to Capitol park, eight squares distant. The parade was along North Twentieth street and the entire line of march was packed with a struggling mass of humanity, anxious to catch a glimpse of the city's guest. Every window of the big office buildings along the line was crowded and many of the roofs of structures were covered with people. Rows of incandescent lights the full length of the street made the scene all the more brilliant. The ovation to the president was continuous and he stood in his carriage the whole way, acknowledging the outbursts of enthusiasm. A pretty incident at the close of the march was when the president asked the name of the lady riding at the side of his carriage. Miss Sallie Harris was sponsor of the troops in one of the local cavalry. The president as introduced to her by Mayor Ward, and as he reached over to shake her hand he crowded the mayor. Excusing himself, he said: "I would run over a man any time to shake hands with a lady."

At the corner of Fifth avenue and Twentieth street an intoxicated man dropped a pistol from his pocket. The president saw the incident, and called the attention of the officers to the man, who was arrested.

At Capitol park, under the glamour of thousands of electric lights, the party entered the speaker's stand and after Major Anderson, chairman of the committee on arrangements, had succeeded in engaging the attention of the throng which crowded the whole park, and all streets leading up to it, General Rufus N. Rhoades, editor of the Birmingham News, welcomed the president on behalf of the citizens of Birmingham.

Great applause greeted Mr. Roosevelt when he arose to speak. He praised Alabama and Birmingham.

A Confederate badge was presented chief executive by Miss Sophie Wittichen, a grand niece of Admiral Semmes.

The party then went to the Alabama State Fair grounds, where Mr. Roosevelt made another address.

The president congratulated Alabama on the wonderful progress made in the past few years, along both industrial and agricultural lines. He praised the men who wore the grey and the men who wore the blue. In conclusion he said:

"During the time I have been president I have gone across the country from the Atlantic to the Pacific, and from Canada to the Gulf. I have met our people by the hundreds of thousands, and the thing that has impressed me most in the audiences that I have addressed, has been the essential likeness of our people. The difference is slight and superficial. The likeness is fundamental and I feel that the average American is a progressive man."

CONFEDERATE CAPITAL.

Chief Executive Given a Warm Welcome at City of Montgomery.

Montgomery, Oct. 25.—Amidst the booming of cannon, blowing of whistles and the cheering of many thousands of people, President Roosevelt arrived promptly at noon Tuesday from Tuskegee, and then became the guest of the people of the first capital of the Confederacy. After a few preliminaries the parade began to move. He was welcomed on behalf of the city by Congressman Wiley, and for the state by Governor Jelks. The president made a brief speech. He stood but a few feet from where Hon. Jefferson Davis was inaugurated president of the Confederacy. He was presented with a bale of cotton and took a drive over the city.
